AIR CONDITIONING RANGE

Australians love  
a Kelvinator

# Australians love a Kelvinator

For over well over 100 years, Kelvinator has been delivering reliability and performance to families. It's a brand you can trust to get the job done well and it's easy to see why. There's peace of mind in knowing that with Kelvinator, you will be comfortable for years to come.

Discover the perfect blend of functional design and practical innovation. An air conditioner that looks great and performs well is an

asset to your home and makes life that much more enjoyable.

Whether you live in the country or on the coast, in a house or an apartment, there is a Kelvinator air conditioner to suit your needs.

What's more, our air conditioners are easy to keep clean, simple to use and sensitive to the environment, your family and your energy bill.

## Designed for simplicity, longevity and superior performance, you can simply sit back and enjoy the benefits

### Brand

All Kelvinator products go through rigorous testing to ensure they meet stringent Australian performance and quality standards.

### Quality

Kelvinator air conditioners are built for the harsh and varied Australian climate. With corrosion resistance on both the indoor and outdoor units, you can relax knowing that your air conditioner will last no matter where you live.

### Heritage

With well over 100 years' experience in refrigeration systems, you know your Kelvinator is a product backed by years of innovation and the highest standards of quality.

### Warranty

For added peace of mind, all Kelvinator air conditioners feature a five year parts and labour warranty. This applies to all systems purchased at an approved stockist or retailer, properly sized for the selected room and correctly installed by a licenced installer.

### Expertise

Kelvinator air conditioners are backed by our national Customer Care Centre, which covers delivery, home service and spare parts

### Easy, breezy cooling and heating

With user-friendly features like smart device connectivity, LCD remote control, multiple fan speeds and a 24-hour timer, operating your Kelvinator air conditioner will be simple and easy.

### A breath of fresh air with advanced air filtration

Enjoy improved air quality with a combination of 3 filters. A high density dust filter which filters and collects dust from the airstream is combined with 2 additional special filters. The Bio-HEPA filter purifies the air by eliminating 95% of bacteria and captures 99% of particles down to 0.3µm while the ion filter freshens the air to ensure cleaner, fresher air in your home.

### Create the perfect indoor environment

All Kelvinator split system air conditioners feature inverter technology that ensures quiet and efficient operation

while maintaining the desired room temperature at all times. Set the Follow Me mode and your air conditioner will set the temperature to wherever the remote control is located ensuring personalised comfort. Plus Turbo Mode provides fast cooling and heating when you need it most.

### Energy efficiency

With built-in features such as high efficiency DC componentry and inverter technology these air conditioners use less power than ever before. With some models reaching a 5 star energy rating, year round comfort can be more affordable for you and your family.

### Demand response technology

Energy-saving demand response technology (PeakSmart) can adjust energy consumption when the electricity network reaches peak demand.

# Connected convenience

## Comfort at the touch of your hands<sup>†</sup>

Be in total control of your comfort and convenience with our new connected air conditioners. Kelvinator Connect allows you to be smarter with your heating and cooling needs from any location, via your smart device and the Kelvinator Home Comfort app. At your convenience, turn the unit on or off, change temperatures, control modes and adapt fan speeds to best meet your comfort needs. The Kelvinator Home Comfort app also integrates with the Google and Amazon Alexa voice assistants, for the next level of control.

Create custom schedules so your home is cooled down before getting home on those hot summer days, or turn up the heat so you'll be warm and toasty on those cold winter nights. Ever forget to turn the air conditioning off before leaving the house? Now you can be in control and reduce energy costs by using air conditioning only when you need to.

\*You will need to install the Kelvinator Home Comfort app, create a Kelvinator account and accept the Terms and Conditions and Privacy Policy in the app to use the connected features of the appliance. Internet and wireless connections are required to use the full features of the app and the air conditioner. Minimum requirements: iOS 7.0, Android 4.0 and above. Minimum requirements, apps and services are subject to change without notice.

All models have built-in Kelvinator Connect smart device capability

# Air conditioning features

## Kelvinator Connect\*

Kelvinator Connect allows you to be smarter with your heating and cooling needs from any location with your smart device, via the Kelvinator Home Comfort app. At your convenience, turn the unit on or off, change temperatures, control modes and adapt fan speeds to best meet your comfort needs.

## Intelligent Inverter Technology

Kelvinator's intelligent inverter technology accurately controls the speed of the compressor to meet the exact settings you have selected.

## Low Noise Fan

The fan is driven by a DC motor with a total of 12 speeds which the system auto adjusts based on your selection to optimise your comfort while minimising noise.

## Multi-Level Filtration

Enjoy improved air quality with a combination of 3 filters. A high density dust filter combined with 2 additional special filters work together to ensure cleaner, fresher air in your home.

## Stylish

All models feature smooth fronts with gently curved edges and an elegant clear trim. This is offset by a concealed digital display which can be turned off when watching a movie or sleeping.

## User-friendly Remote Control

A handy remote control with an easy-to-read back-lit LCD and luminescent keypad lets you conveniently control all functions, even in low light.

## Follow Me

Select Follow Me and your air conditioner will set the temperature based on a sensor in the remote control. This ensures the temperature is perfect, exactly where you want it to be

## Sleep Mode

Gently increases or decreases the temperature to adjust to your needs for a peaceful night's sleep. Energy consumption is also reduced, whilst keeping the temperature at a comfortable level.

## Powered Air Swing

At the touch of a button on the remote control, the motorised louvres will oscillate the airflow up and down providing even distribution of air in your home.

## Gold Shield Protection

Both the internal and external heat exchangers are treated with a golden anti-corrosion treatment ensuring both maximum efficiency and long life.

# Reverse cycle

- Auto & manual operation
- Wi-Fi connected
- 24 hour timer
- Auto restart
- Gold Shield corrosion protection
- 5 year warranty
- Inverter compressor technology
- 2-way auto air swing
- Sleep mode
- Bio-HEPA filter and ion filter
- Digital display
- Back-lit LCD remote control

<sup>1</sup> May operate outside this range but at less than rated performance.

**Please note:** By law, only a licensed Room Air Conditioner installer is permitted to install split system models. In accordance with the Electrolux warranty, Electrolux is not liable if the appliance is damaged by incomplete or improper installation. <sup>†</sup>Refer to product information details on page 7. For further information on our Kelvinator air conditioning range, or to obtain dimension and installation requirements please call 13 13 49 or visit [kelvinator.com.au](http://kelvinator.com.au)

<sup>\*</sup>You will need to install the Kelvinator Home Comfort app, create a Kelvinator account and accept the Terms and Conditions and Privacy Policy in the app to use the connected features of the appliance. Internet and wireless connections are required to use the full features of the app and the air conditioner. Minimum requirements: iOS 7.0, Android 4.0 and above. Minimum requirements, apps and services are subject to change without notice.

Designed for simplicity, longevity and superior performance, you can simply sit back and enjoy the benefits

# Choosing the right model

It's important to select the right sized air conditioner for your room in order to ensure effective and efficient cooling and heating.

1. What is the total size of the room? (m²)

2. What direction does the main window face?

3. Do you have ceiling insulation?

Once you've answered those questions, click [this link](#) or visit [kelvinator.com.au/looking-for-an-air-conditioner/](#) or refer to the table below:

ceiling insulated	YES		NO	
main window facing	north or west	south or east	north or west	south or east
model	room size m²	room size m²	room size m²	room size m²
KSD25HWJ	16	18	14	16
KSD35HWJ	22	24	16	19
KSD50HWJ	30	33	26	29
KSD71HWJ	46	48	40	44
KSD90HWJ	61	63	54	60

<sup>†</sup>This is a guide only. Values in chart apply if air conditioners are used under average conditions and installed in accordance with manufacturer's instructions. Prior to installation, selection should be verified by your authorised Kelvinator retailer or a licenced installer.

## Piping length elevation & additional quantity of gas

Model	Gas pipe diameter	Liquid pipe diameter	Maximum pipe length (A)	Maximum height difference between indoor & outdoor units (B)	Standard pre-charged pipe length	Additional refrigerant for pipe length above pre-charge length
KSD25HWH	Ø9.52mm (3/8")	Ø6.35 (1/4")	25m	10m	5m	15g/m
KSD35HWH	Ø12.70mm (1/2")	Ø6.35 (1/4")	25m	10m	5m	15g/m
KSD50HWH	Ø12.70mm (1/2")	Ø6.35 (1/4")	30m	20m	5m	15g/m
KSD71HWH	Ø15.9 (5/8")	Ø9.52 (3/8")	50m	25m	5m	30g/m
KSD90HWH	Ø15.9 (5/8")	Ø9.52 (3/8")	50m	25m	5m	30g/m

## Installation requirements

Installation of air conditioners must be performed in accordance with all applicable Standard(s), Code(s), Regulation(s), Act(s) and local Service Rule(s). By law, only a licensed Room Air Conditioner installer is allowed to install split system models. In accordance with the Kelvinator warranty, Kelvinator is not liable if the appliance is damaged by incomplete or improper installation.

Outdoor unit must be accessible for service. If the outdoor unit is located greater than 2m above ground, additional service charges may apply.
